## WELCOME BACK!

I am a self-proclaimed nerd... I actually love coming back to school! Now don't get me wrong, the summer months are great, but I truly miss having our students in the building and interacting with them daily. They bring an energy to the school that simply

cannot be duplicated. This year, we have hit the ground running, and I'm excited about what this year has in store for our school community.

As I'm sure you have read, Duchesne will be instituting a school-wide Wellness Program beginning in the 2023-24 school year. This program will include required random drug testing with the potential of any student being selected at any point throughout the school year. This decision was made in an effort to help our families identify problematic behavior as it pertains to the use of illegal drugs. For several years, our neighboring Archdiocesan schools have participated in this practice. With the continued rise of underage illegal drug use, the administration feels it is necessary to incorporate this for our families. The testing will begin this month (September). Please see our handbook for full details.

I read the following excerpt in the August 2023 issue of STCnow magazine (a publication from the City of St. Charles). I share it with you in hopes that it may be helpful to our parents and families.

*Drug dealers use social media apps for advertising and selling their products. Prospective buyers use the apps and can easily search for drugs using code words, emojis, hashtags, and other means. Drug traffickers also advertise using posts and stories; as quickly as accounts are shut down, a new one takes its place. The buyer will direct message or comment on the post using code words or emojis. Conversations will then move to encrypted messaging platforms like Signal, WhatsApp, or Telegram. Once the deal is made, payment is made through Venmo, PayPal, or cryptocurrency. The packages are then shipped via standard post.*

*This disturbing trend becomes even worse when you realize that the majority of the drugs bought this way are usually tainted with fentanyl. Unsuspecting adolescents who think they are experimenting with a non-lethal drug are in grave danger.*

*Visit [addicted.org](http://addicted.org) for more information and to view the full Parent's Guide to Fentanyl and ways to speak to your children about this issue.*

Here are a few of the new faces you'll be seeing on campus this year!

**Becca Baugh** – Learn all about Becca in our new **COUNSELING CONNECTIONS** section on page 5.

**Sara (Schenk) Bonner '20** – Bonner graduated from Duchesne in 2020. During her time in high school, she was very involved

in Film Club, Key Club, JV Soccer, Varsity Golf, and Varsity Cheer. She joined cheerleading her sophomore year and fell in love with the sport and the team.

During her time at Duchesne, her team won two 3rd place trophies at competition and a 2nd place trophy her senior year as a captain.

**Shannon Douglas** – Hi there! My name is Shannon Douglas. I'm 28-years-old and currently teaching Junior and Senior theology classes for Duchesne. Since graduating college, I have spent most of my professional career in

ministry in some way or another. After college, I was missionary for FOCUS (Fellowship of Catholic University Students), the largest lay apostolate in the Church. After my missionary work, I married my wife and became a theology teacher. We spent two years living in Phoenix, AZ where I taught theology at Notre Dame Preparatory High School. This past summer, My wife and I moved back to St. Charles to be closer to friends and family. For the first quarter of this semester, I'm filling in Genny Broyles.

**Jaron Coleman** – My name is Jaron Coleman. I went to high school at Chaminade and did my undergraduate and graduate work at Saint Louis University. I have my bachelor's degrees in Theology and Secondary Education with a minor in

Jaron Coleman  
Theology Teacher

Catholic Education, and I have my master's degree in Theological Education. I have wanted to be an educator ever since I can remember, but it wasn't until high school that I truly decided that I wanted to pursue a career in theology. I am excited to live out my vocation at Duchesne and to help the students discover a

Volleyball Coach

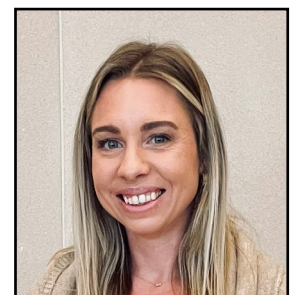

deeper love for theology and the Word of God. On top of being a theology teacher, I am also the assistant coach of E-sports and the head coach of the current Overwatch team. Go Pioneers!

**Paris Forest** – Prior to retirement in 2012, Paris coached volleyball and basketball for 16 years, beginning her coaching

career while a dual sport athlete at Missouri Baptist University. She began coaching 6th grade CYC volleyball in 1996 until 2002 when she settled into coaching high school ball at Duchesne. During her 10 year tenure, her teams won many freshmen and JV conference and tournament titles and she assisted her Varsity teams in three state title runs between both sports.

Paris' coaching philosophy centers around a focus on fundamentals as the foundation to success and helping her athletes discover their passions and become their best selves both on and off the court.

**Brittany Grass** – Learn all about Brittany in our new **COUNSELING**

Brittany Grass  
School Counselor

**CONNECTIONS** section on page 5.

**Maddie Krause '20** – My name is Maddie Krause. I started coaching the boys volleyball team as the JV coach in 2021. I later went on to work with the freshman girls team. My second season coaching the boys team, I was co-head

coach with Ben Kilper.

My third season with the boys team, I officially

Maddie Krause '20

became head coach of the program. We were lucky to have 3 teams this year, a freshman, JV, and Varsity team.

Going into my 4th year as a coach, 2nd as head coach, my goal is to keep improving our team and make each year better than the last. I want to continue to build a reputation for Duchesne boys volleyball and grow the program as much as possible.

**Betsy McCune** - Our new Director of Annual Giving is Betsy McCune! Look for an article in the

**Jill Meyer** - Jill Meyer began playing volleyball in elementary school and fell in love with the game. She started as varsity setter her sophomore through senior year in high school, and was selected multiple years as an all conference, all district setter.

She has been coaching volleyball for 6 years. Her coaching experience is with athletes of all ages,

Jill Meyer  
Asst. Girls

from basic fundamentals to competitive club volleyball. She has been a volunteer within the CYC program as a coach and coordinator for the past 5 years, and has had the privilege of coaching over 20 teams, boys and girls.

**Becky Severs** - My name is Becky Severs, and I'm

excited to join the Duchesne High School faculty. Having spent 11 years teaching,

I am thrilled to embark on my first year here. I have a bachelor's degree in Education from Missouri Baptist and an associate's degree in Computer Science.

I'm looking forward to teaching computer applications, robotics, and programming and also assisting with video production. I'm excited to get to know the students and help them grow in mind, body, and spirit. I'm grateful to be a part of the family environment that Duchesne is known for.

**Andrew Sweeso '17** - Mr. Sweeso is a proud Duchesne alumnus from the Class of 2017. After graduating from Duchesne, he attended Saint Louis University where he earned a BA and an MA in

Andrew Sweeso '17  
English Teacher

English. While completing both of those degrees, Mr. Sweeso worked for several years as a writing tutor and taught core writing courses for SLU's Writing Program - the same program that offers ACC writing courses for juniors at Duchesne.

Now that he is teaching at Duchesne, Mr. Sweeso aims to bring his experience as both a college-level instructor and tutor into the classroom, working with students as they build confidence in their craft and develop as writers, readers, thinkers, and leaders. He is especially looking forward

to working with faculty, parents, and students to make sure our students are prepared to thrive as writers within (and beyond) ever-changing collegiate and professional environments.

**Elizabeth Tigges** - My name is Elizabeth Tigges and this is my first year at Duchesne High School as campus minister and Theology teacher. I'm originally from Iowa, but moved to St. Charles, MO to work for FOCUS (Fellowship of Catholic

Elizabeth Tigges  
Campus Minister

University Students) as a college missionary for three years. After leaving missionary life, I was eager to stay in involved in ministry somehow. Needless to say, I was excited to apply at Duchesne. I am most looking forward to continuing to share the Gospel message with high schoolers and get to know them throughout the year! I've heard nothing but great things about Duchesne, so I'm looking forward to being a part of this very special family.

**DUCHESNE ALSO WELCOMES ASSISTANT FOOTBALL COACH JORDAN PICKRELL AND NEW ASSISTANT BOYS SOCCER COACH DANIEL FINK!**

## Welcome Back!

Welcome back to the 23-24 school year! We are excited to begin a fun and exciting year. You will be seeing many new faces in our Counseling Department and we are all excited to get to know you and work toward the many goals you have!

### Meet your new school counselor and learning consultant

Mrs. Brittany Grass is our new school counselor. She will work primarily with our juniors and seniors and is the college and career counselor. Mrs. Grass holds two master's degrees, one in Counseling and the other in Higher Education, both from Lindenwood University. She is an alumna of DHS (class of '08), a wife and mama to two amazing kiddos, and iced coffee obsessed.

Mrs. Becca Baugh is our new learning consultant. Her background consists of social work and education, and she feels the learning consultant role is a perfect blend of the two! She has been married for over 10 years and is a boy mom through and through. On weekends, you will find her on a field watching her boys play all the sports, at a park snake hunting, or outside enjoying nature with her family. Family time is her favorite time!

### SCHOLARSHIP UPDATE

The A+ Scholarship Program provides scholarship funds to eligible graduates of A+ designated high schools who attend a participating public community college or vocational/technical school or certain private two-year vocational/technical schools. In addition, several four-year universities also award funds if the student has the A+ designation. It is recommended that ALL students fill

out the A+ agreement.

IT IS BETTER TO HAVE IT AND NOT NEED IT, THAN TO NEED IT AND NOT HAVE IT!

Greetings, Pioneer Nation!

It is so great to be back in school with the students. There is a certain buzz in the hallways when the kids are back. It really makes my job a lot of fun.

I hope you all had a wonderful summer and had some time to relax and reflect. I was just telling my team that it is like the perfect storm of all good things for Duchesne!
