May, 2012

Dear Parents,

The goal of the Duchesne Administration and Advisory Board is to keep the cost of exemplary secondary Catholic education affordable. The 2012-2013 school year budget will require an increase in the amount of tuition charged as well as the inclusion of a fee to participate in sports payable by the athletes during a particular season. Tuition will need to increase \$450 (a 5.5% increase).

Thank you for making the commitment and financial sacrifice to support your child(ren) during this important time in their educational, spiritual and physical formation.

The actual cost to educate each student is over \$9,900. We are able to provide high quality Catholic education without charging this actual cost because of resources we receive from the comprehensive program managed by our Office of Advancement team. In addition, support is provided by our Duchesne Athletic Boosters (pledging \$50,000 to the non-salary athletic budget) as well as grants from the Annual Catholic Appeal, the Catholic Education Office and other donations.

Tuition payments can be made by selecting either payment in full or through the FACTS Tuition Management Program (a \$38 enrollment fee is paid to FACTS) as outlined in the tuition payment schedule on the reverse side.

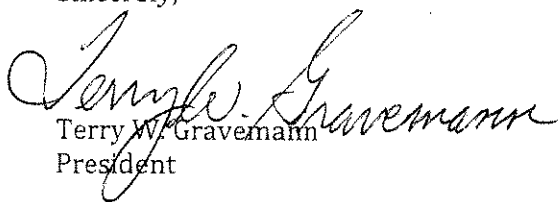

Everyone who is currently on the FACTS tuition plan will automatically be rolled over to the new school year based on your current payment option information. If you would like to change to any other option you must inform the DHS business office, in writing, no later than May 31, 2012.

Parents, please be aware that your FACTS plan must be set up with the full tuition charge. This is the amount that will show on your FACTS confirmation form (the amount will also include the enrollment fee for FACTS). Every plan that may have any credit adjustments that Duchesne is aware of will be made prior to your first payment. Any adjustments that are received after the start of the school year will be made as received.

If you have any questions please contact our Business Manager, Roseann Ogden at: 636-946-6767 ext. 6911 or email, rogden@duchesne-hs.org

Thank you again for the sacrifices you make in the support of the mission of Duchesne High School.

Sincerely,

Terry W. Gravemann
President
