# Duchesne alumni move up to new positions

Duchesne High School recently announced the appointments of Paul Boschert '77 as President and Renee (Reimer) Moore '86 as Athletic Director, the position previously held by Boschert.

"We are pleased to welcome Paul into this new role and are excited to see his leadership and vision take Duchesne into the next era," stated Jack Borgmeyer '97, Secretary of the Board of Directors. "We are confident Paul will be instrumental in advancing our strategic goals, ensuring that Duchesne will continue to innovate and excel."

Paul holds an impressive 43 years in education, with 23 served as an athletic administrator. An alumnus of Duchesne High School, he has spent time at several educational institutions and brings a wealth of knowledge and experience that will benefit colleagues, students, and the Duchesne community.

Paul's educational career

began in 1981 when he returned to Duchesne High School after graduating from Lindenwood University. During his first tenure at Duchesne, he both taught and coached. He then spent more than a decade teaching physical education in the St. Charles School District, and transitioned to the role of Director of Athletics and Activities at St. Charles West High School before assuming the role of Director of Athletics and Activities at Fort Zumwalt West High School in 2003. Following a successful 16 years at Fort Zumwalt West Paul returned to Duchesne High School as Athletics Director in 2020.

Over the course of his career, Paul has hired, mentored and supervised more than 130 coaches, as well as overseen and directed more than 80 different athletic programs. He was awarded St. Louis Area Athletic Director of the Year for 2017-2018 and was inducted into the Gateway Athletic Conference Hall of Fame in 2015 as part of the inaugural class.

In addition to Paul's career responsibilities, he has served on both the Investigative and Sportsmanship committees of the Missouri State High School Activities Association.

"Paul's strongest attributes are his communication and organizational skills. Specif-

ically, his friendly demeanor, people skills, and knack for putting others at ease in difficult situations are his best assets," Borgmeyer said.

Renee Moore joined the faculty at Duchesne in 1990 after attending the University of Missouri—St. Louis on a volleyball scholarship. She graduated magna cum laude with a Bachelor of Science degree in Secondary Education and certification in Business and Social Studies.

She was previously in the role of Assistant Athletic Director, in addition to long serving Duchesne's students as a teacher and academic dean, as a moderator and mentor, as a coach, and as Assistant Admissions Director.

"The Duchesne community is looking forward to seeing Renee in her new position as Athletic Director," stated President Boschert. "I have had the pleasure of working with Re-

nee as my assistant in the Athletic Department the past couple of years and she has been an outstanding asset to me and to our athletic program. She is loyal, dedicated, and well-respected by the Duchesne community and will serve Pioneer Nation well in her new role."

Renee will continue teaching at Duchesne as well. She believes providing opportunities for problem-solving is the best way for students to learn, and her classes are known for the creative and interactive methods Renee uses to encourage and challenge her students. Outside of the classroom, Renee has made it a point to attend as many games and other extracurriculars as possible. "I love interacting with the kids outside of the classroom; it gives me a whole other perspective and helps me get to know them better," she said. Renee will apply that ability to connect with students in her new post.

She continued, "I am grateful for the opportunity to step into the position of Athletic Director. My experiences as athlete, coach, parent, and educator have helped me develop an understanding of the positive impact that competing in sports has in life. I am excited to take on this new role and am fortunate to be inheriting

a veteran coaching staff and two former athletic directors in our building to work with and learn from. I look forward to guiding and supporting our athletic staff and student-athletes as they represent Duchesne with high character, a commitment to continual improvement, and Pioneer pride."

As the 2022-2023 recipient of both the Spirit of Duchesne Alumni Achievement Award and Teacher Excellence Award, Renee was independently selected for these honors by both her fellow alumni and her Duchesne students and colleagues.

In true form, she was humbled by both awards and hesitant to have attention drawn to the fact that she truly

"bleeds blue" as she serves Duchesne in so many capacities. In the spirit of our patroness, Renee has served our school community throughout her adult life with grace and devotion. She has made an impact on literally thousands of lives over her 30+ year career at Duchesne, and we welcome and congratulate her in this next chapter of serving Pioneer Nation!

## A letter from the President

**Paul Boschert '77**  
**President**

Dear Duchesne High School Alumni, Family, and Friends,

I am honored and blessed to address you for the first time as the new president of Duchesne High School. As we enjoy the summer break, I want to take this opportunity to introduce myself and share my vision for our school community.

I hope you are all having a wonderful summer filled with relaxation and rejuvenation. This period is a great time for students, families, and alumni to reflect on the past year and prepare for the exciting opportunities ahead.

First, I would like to express my heartfelt gratitude for the warm wishes I have received from everyone. It has been a pleasure to speak with so many dedicated and passionate individuals who care deeply about the success and well-being of our students. Your support and com-

mitment are the cornerstones of our school's rich tradition and bright future.

As we look forward to the upcoming academic year, I am excited to work with our exceptional faculty, staff, and board of directors to continue fostering an environment of academic excellence, spiritual enrichment, personal growth, and community engagement. Our goal is to provide every student with the tools they need to succeed in an ever-changing world while also nurturing their unique talents and interests.

We are thrilled to announce significant updates to our athletic center, enriching the experience for our students in sports and fitness. Alongside these enhancements, we are committed to expanding the enrichment programs in science and the arts, providing our students with unparalleled opportunities for growth and exploration. Additionally, we are re-establishing our endowment to ensure sustainable support for future generations and investing in cutting-edge facility updates and technology throughout our campus. These initiatives reflect our ongoing dedication to fostering a dynamic learning environment that empowers our students to excel both academically and personally.

To our esteemed alumni, your achievements and contributions serve as an inspiration to our current students. Your continued involvement and support are invaluable to maintaining the strong legacy of Duchesne High School. We look forward to strengthening our alumni

network and creating more opportunities for you to engage with and support the school.

I encourage you all to stay connected with us through our school website, social media channels, and upcoming events. Your feedback and participation are crucial as we strive to make Duchesne High School an even better place for our students.

Thank you for your unwavering support and dedication to our school. I am excited about the journey ahead and confident that we can achieve great things together.

Wishing you all a safe, happy, and restful summer.

Warmest regards,

Paul Boschert '77  
President

# Pioneer TRAVELERS

Duchesne High School students became world travelers last month during a class trip to London and Paris.

The journey featured 11 days of traveling and touring London and Paris, exploring the deep history and culture at sites such as the Tower of London, Canterbury Cathedral, the Louvre, and the D-Day beaches of Normandy.

"My favorite part of the trip was the Louvre," said junior Mia Young. "I got to see so many cool and unique pieces of artwork. As well as part of their Egyptian exhibit, which was super cool too."

Alejandro McAndrews '24 explained that this was a once-in-a-lifetime experience he would not want to pass up.

"To see what I've studied for all my life in history in person was amazing," he said.

"My favorite part was free time with my friends to explore," said senior Luke Fink.

The tour was organized by Kim Morris, 1989 Duchesne alumna and literature teacher, and facilitated by EF Educational Tours. Morris began putting details together for the trip in the spring of 2022.

Morris went to Paris for two weeks as a high school junior. It had a significant impact on her, and this summer's trip seems to have had a similar effect on her students.

"It was such an amazing experience!" said Young. "You get to see so many things you have never seen before and may never see again. You get to taste so many delicious things and learn about different cultures!"

# Aviation Camp takes off!

Great things come out of alumni visits! When Deb (Cissell) Kleinschmidt '75 and her husband, Dave, stopped by DHS for a tour last fall, one thing led to another, and Dave subsequently offered to share his love for and knowledge of aviation with our Duchesne community. Thus, our first Aviation Camp was born!

Designed for 6th, 7th, and 8th graders, Duchesne's new Aviation Camp in June included:

- navigation and charting
- Bernoulli's Principle
- the science of flight
- and 8 different guest speakers!

The guest speakers included three graduates of the U.S. Air Force Academy (Ret. Capt. Robert Panke, Capt. Timothy Siemer, and Ret. Major Yolondea Woods) as well as the first woman to circumnavigate Australia in a sea plane (Cathy Babis). The other speakers were of similar outstanding stature. These folks all volunteered their time to share their knowledge and experiences with the students, and more were willing had time allowed!

*Capt. Kirk Anderson of American Airlines and First Officer Clayton Anderson of SkyWest Airlines were among the guest speakers at Duchesne's recent Aviation Camp. (above) Deb (Cissell) and Dave Kleinschmidt (below)*

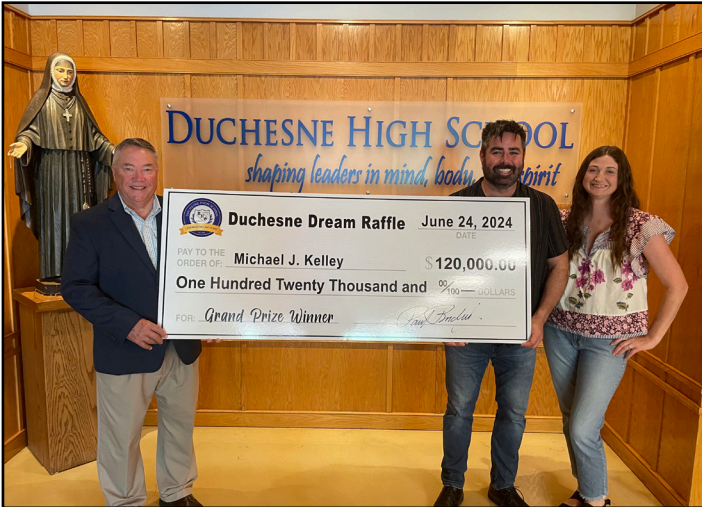

Additionally, participants had the opportunity to fly drones above the DHS athletic fields. The five-day camp concluded with a site visit to St. Louis

TRACON (Terminal Radar Approach Control Center), where the campers received a tour and learned about air traffic control.

# Duchesne Dream Raffle Winners

Congratulations to Michael J. Kelley '03 and his wife, Liz Stinger '08, our 2024 winners of the Duchesne Dream Raffle, who recently visited with DHS President Paul Boschert '77 for the check presentation.

Michael and Liz were kind enough to share a donation to Duchesne and plan to use some of their other winnings for a hot tub and new golf clubs, as well as some home projects and a college fund for their daughters, Paige (3) and Margot (6).

"Winning the grand prize was surreal!" Michael said. "I

have to admit that I skipped through to the grand prize winner announcement when I watched the drawing video. Friends and classmates called and texted to congratulate me, and it still didn't feel real. My head was swimming for a while there!"

(If the name sounds familiar to Pioneer Nation from other eras besides our grand prize winners' it may be because Michael's dad, also Michael J. Kelley, taught English at Duchesne for over a decade!)

## Riverfest Parade Float

*Huge thanks to all of the volunteers who helped decorate our Riverfest Parade float this year!*

# From the Director of Advancement

**Becky Williamson**  
Director of Advancement

Greetings, Pioneer Nation!

I hope this letter finds you enjoying a wonderful summer! As the Director of Advancement, I am excited to share some updates and reflections on the past year and our plans for the upcoming school year.

Firstly, I want to express my deepest thanks for the unwavering support from our community. Your contributions have enabled us to make significant

improvements in our programs, facilities, and opportunities for our students. This year, we completed the much-anticipated renovation of our six remaining classrooms, the robotics room, and the fabrication lab, which has already enhanced the learning experience for our students.

Our Pioneer Expedition Gala was a resounding success. Thanks to your generosity, we exceeded our fundraising goal, which will allow us to offer more scholarships to deserving students and invest in innovative teaching resources. Your commitment to our mission ensures that we can continue providing an exceptional Catholic education to all our students.

We are excited to announce plans to invest in cutting-edge technology for our science department, including purchasing a state-of-the-art virtual reality (VR) board. This innovative tool will allow our students to explore complex scientific concepts in an immersive and

interactive environment, bringing their learning to life in ways never before possible. By integrating VR technology into our curriculum, we aim to enhance our students' understanding of challenging topics, stimulate their curiosity, and prepare them for future technological advancements.

We are also in the early stages of remodeling our fitness center and weight room. With access to advanced training tools and resources, our athletes will be better prepared to compete at higher levels, reduce their risk of injury, and enhance their physical and mental well-being. This investment will support our sports programs and promote a culture of health and fitness throughout the school community.

None of this would be possible without the incredible contributions from our alumni, parents, and friends of Duchesne. Your dedication to our

school is truly inspiring, and I am continually amazed by the generosity and spirit of our community.

As we prepare for another school year, I encourage you to stay connected with us. Whether through volunteering, attending events, or making a donation, your involvement makes a profound impact. Together, we can continue to provide a nurturing and enriching environment for our students.

Thank you once again for your ongoing support. I look forward to seeing many of you at our upcoming events and sharing more updates as the year progresses. Please join us on Sunday, September 22, 2024, at our Fall Festival from 2-6pm in the DHS parking lot. To register, please use the link provided: <https://www.duchesne-hs.org/fall-festival.html>

Sincerely,  
Becky Williamson

## It's Here! -- A New Version of Leaves

Leaves has had many looks over the years, such as a monthly paper newsletter, quarterly tabloid, semi-annual magazine, and then annual magazine. Because we have so many things to share about our alumni, Leaves will become a subsection of our monthly Pioneer Press newsletter starting in July. This will allow us to tell more stories in a more timely manner. Our donors will still be listed in an annual publication separate from Leaves. # Rhys Boschert '96 wins silver with Team USA in the Inline Hockey World Championship

In his second year playing in the Veterans Division (45 and older) for Team USA in the Inline Hockey World Championship, Rhys Boschert '96 led his team in scoring with 12 points across the 7-game tournament. Those included a hat trick in the first game against Brazil and game-winning goals in both the quarterfinal playoff win against Czechia and the semi-final playoff win against Sweden.

Like last year, Rhys' team advanced to the Gold medal game vs. France. Team USA came back from a 2-goal deficit in the last few minutes

to tie it up and take the game to overtime. Neither team scored in a 10-minute OT period, and then France won in the shootout to take home the Gold, with Team USA earning the Silver medal.

"Playing for your country is a great honor, and we have a great group of guys who keep in touch and root for each other year-round at the regional tournaments most of us attend," Rhys said.

Rhys began playing hockey at the age of 10, honing his craft at the McNair Park tennis courts with his neighborhood friends. He went

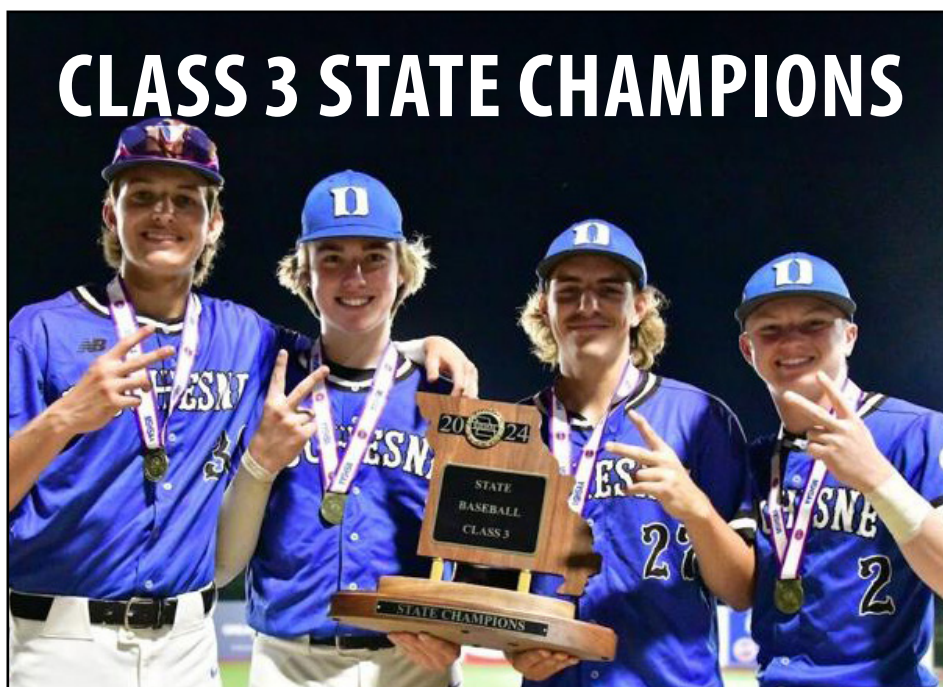

on to play inline hockey for Truman State University, helping the team to multiple top-3 finishes in the nation. He then played for a year as a grad student at Lindenwood University, where he helped them win their first-ever Inline Hockey National Championship in 2002.

Rhys plays year-round in local leagues multiple times a week and in tournaments throughout the country. He flew straight from the World Championships in Spain to Tampa for the TORHS (Tournament of Roller Hockey Series) national event, where his team won

Gold in both the 35+ and 40+ divisions. To keep in shape he attends Burn Boot Camp Gym, where his wife, Stacy, is a trainer.

"I have to give a lot of credit to my awesome wife, Stacy, for not only being a great motivator toward me keeping in shape as I get older but also for allowing me to travel all over the country and world to play a game for fun. I'm a lucky guy!," Rhys said.

Rhys and Stacy live in O'Fallon and have four kids: Eli (23), Stella (21), Penelope (10), and Evelyn (8).

*On May 30, Duchesne defeated Mid-Buchanan 9-0 to win the 2nd baseball state championship in school history.*

#### A NOTE FROM RENEE MOORE, DUCHESNE'S NEW AD

I am honored and excited for the opportunity to serve Duchesne High School as the new Athletic Director. I will be committed to making the student-athlete experience the very best for both our Pioneers and their families. My plan is to build upon the solid foundation currently in place and work to make Duchesne the first-choice high school for future generations of Pioneer athletes!

Feel free to reach out to me if you have any questions or concerns. Thanks, and Go Pioneers!

#### CONGRATULATIONS

**Congratulations** to our Duchesne Baseball Team for winning the Missouri Class 3 State Championship!

Duchesne hosted the District Tournament at the Bridgeton Municipal Athletic Complex, where the Pioneers defeated Whitfield 8-3 in the semifinals.

The district championship game against Priory turned into an instant classic. Duchesne, leading 5-4 in the top of the 7th, was 3 outs away from a win, but our opponents scored 4 runs to take an 8-5 lead and were poised to end the Pioneers' season. Duchesne was not phased and plated 3 runs in the bottom of the 7th, sending the game into extra innings. Priory was held scoreless in the top of the 8th and the Pioneers were hoping to end it in the home half of the inning. Duchesne had the winning run on base when Anthony Painter had the biggest hit of his career, driving in the game-winning run with a walk-off base hit and giving the Pioneers a 9-8 District Championship win.

The team moved on to the state playoffs in Hermann, where they defeated the Bearcats 6-2 in the sectional game and advanced to the state quarterfinals, where the Pioneers scored early and often and easily defeated North Calaway 14-1.

Duchesne then progressed to the Final 4 in Ozark. In the state semifinals, our boys scored 4 runs in the first and 4 more in the second. The defense turned 4 double plays, and the Pioneers defeated Licking 10-3.

In the championship game, the Pioneers again scored early with 6 runs in the first two innings and, behind the great pitching of TJ

*(continued on page 13)*

(continued from page 12)

Griese, defeated Mid-Buchanan 9-0 to win the 2nd baseball state championship in school history and the first since the 1984 team accomplished the feat 40 years earlier. The Pioneers outscored their opponents 39-6 after the district championship game and were never in any "nail-biting" games throughout the championship run!

**Congratulations to TJ Griese '26** on being selected to the All-Metro Baseball team.

**Congratulations to Sam Jost '25** for recording his 100th career base hit on the varsity baseball team.

**Congratulations to Eric Greifzu '27 and Drew Heischmidt '26** on qualifying for the state golf tournament in Kansas City.

**Congratulations to Nathan Nickel '24** on qualifying for the state tennis tournament in Springfield.

**Congratulations to Oliver Rothweiler '25** for his 7th place finish in the pole vault, clearing 12'4.74", and to **Claire Burks '25, Alice Hoffmann '24, Audrey Hoffmann '27, and Isabel Rakers '25** on their 4th place finish in the 4 x 400 relay with a time of 4:13.11 at the state track meet in Jefferson City. The time was the 2nd fastest time in school history!

**Congratulations to David Rowberry '24** for recording his 1,000th career dig as the libero on the varsity boys volleyball team.
