

***Saint Rose Philippine
Duchesne,***

a pioneer missionary of the Society of the Sacred Heart,
came to St. Charles, Missouri, from France and
founded the first free school west of the Mississippi in
September 1818. Because of her missionary spirit, the
Society of the Sacred Heart spread around the world.

If Saint Philippine were to arrive here today,
where would her heart be drawn?
What needs of our world would capture her compassion?
Where would she want you to serve with her?
